From Chief Editor's Desk

Prof. (Dr.) Mahendra Sharma
HOD, Department of Information Technology

Welcome to the new issue of InfoMania!

It gives me immense pleasure as Head of the Department of Information Technology, IIMT College of Engineering in sharing the updates of the last quarter. The Department has a team of well qualified, experienced and motivated faculty members to prepare the young minds for global competitions. Students of IT department are also motivated and ready for IT Industry with hands on experiences on current technologies/programming languages. Our students are regularly occupying top positions in the University merit list and most of them are working with the core IT companies. The Department regularly organizes various professional development activities and grooms its students with the personality development programs conducted on a regular basis.

Department constantly works for overall growth of students and inculcates the qualities that are required in a vibrant society. Faculty/students take initiative for social causes at individual level and as a team under different banners/clubs of the Institute. Turning a student into an enlightened citizen is the prime aim of the Department.

I am really thankful to the Director and Dean for the valuable guidance, and to the faculty members for incessant support in bringing up this issue.
