From Chief Editor's Desk

Prof (Dr.) Prabhat Kr. Vishwakarma
HOD, AI & DS

A 4-year B Tech degree programme in Artificial Intelligence & Data Science was established in the IIMT College of Engineering, Greater Noida, in the year 2021 with an intake of 60 students, which has now been increased to 120 students, with the objective of imparting quality education in the field of Artificial Intelligence & Data Science.

The Department of Artificial Intelligence & Data Science aims to be the Centre of Excellence in providing international standard education and consultation in the field of Artificial Intelligence & Data Science and thus targets to produce globally competent and self-disciplined computer engineers and data scientists.

The Department of Artificial Intelligence & Data Science lays emphasis on deep understanding of fundamental principles and knowledge of Artificial Intelligence, Machine Learning, Deep Learning, and Data Science. The Department is fully equipped with laboratories, along with advanced software under the supervision of well-qualified professors with PhD and M.Tech. from reputed institutes.

The Department of Artificial Intelligence & Data Science has state-of-the-art & world class facilities, with clear aim to be known as the best Department in the Artificial Intelligence & Data Science among all other colleges offering similar courses. As an Intellectual asset, the Department has a strong team of faculty members with full dedication and strong commitment. We are quite sure that the graduating students of the Department will be performing extremely well in domain of AI and DS among all the leading organizations and will be giving the name and fame to the Department as well as to the Institution. At IIMT, we are committed to provide not only technical education to our students but also the leadership qualities through which they can excel in their professional journey.

Wishing all the very best to the readers!

Dr. Prabhat Kr. Vishwakarma
Associate Professor
Chief Editor & HOD Dept. of AI & DS

Guest Lecture “Critical Design Thinking”

The Department of Computer Science and Engineering at IIMT College of Engineering, Greater Noida, organized an engaging guest lecture on "Critical Design Thinking" on February 27, 2024. Prof. S.K. Mahajan, a Senior Scientist (Retd.) from CEERI, Pilani, shared invaluable insights as the resource person, guiding students on IPR strategies. He elaborated on different types of intellectual property, such as patents, trademarks, and copyrights, and their role in safeguarding innovation. Through case studies and interactive discussions, participants gained a comprehensive understanding of how to identify IPR potential in their innovations. The session emphasized the legal and ethical aspects of intellectual property, equipping students with knowledge, crucial for entrepreneurial endeavours and research initiatives. The engaging dialogue between students and the resource person showcased the session's effectiveness in raising awareness about IPR and fostering a culture of innovation protection among aspiring engineers and entrepreneurs.
