Welcome to the XII issue of our Newsletter, InfoMania!

IT Department in a frame of achievements by our faculties, our students and staff. These activities have provided us fantastic experience in collaboration of knowledge sharing, learning, with extensive participation from every member of the Department on expanded horizon.

As an Editor of "Info Mania" it is always my aim that I should maintain the balance between all the contents of the newsletter so that our reader can enjoy the experiences shared here as the part of it.

I am proud to share the latest developments and achievements of our department with you. Our department is committed to providing a stimulating and supportive environment that fosters learning and personal growth. We offer a range of courses and programs that equip our students with the skills and knowledge necessary to

succeed in their careers. I hope this newsletter inspires you to engage with our department and stay updated on the latest developments in the field of technology.

I am a firm believer that by creating new avenues for learning in a way that our readers are going to enjoy the visuals by presenting them in an accordable memory will be of worth as they will definitely feel the necessity of it.

At IT Department we create, we impart, support and cater for the need of skills and talents of our students through our departmental and academic activities.

I am really thankful to Director Sir, Dean Sir and my supportive faculty members who have supported me in bringing up this issue in a creative form.

## How To Host Website On A Server

The IT department organized an Alumni Connect Session on the topic “Workshop on How to host website on a server” on 3rd October 2023. The speaker for the workshop was Mr. Alok Kumar. He is an alumnus of batch 2015-2019 currently working as an Android Developer in Deloitte.

Mr Kumar started his session by sharing his college journey. He taught students how to host a website on a web server wherein he explained about covering domain setup, file uploading, database management, server configuration, and troubleshooting. The workshop provided participants with hands-on experience and in-depth knowledge on how to host a website on a web server.

It was an interactive session; all doubts were cleared patiently. The session was full of knowledge and motivation for all the participants.

The poster is for an event titled "Hosting a Website on Live Server" organized by the Department of Information Technology at IIMT College of Engineering. The speaker is Mr. Alok Kumar, a B.Tech IT graduate from the 2015-2019 batch, currently a Software Engineer at Deloitte. The event is held at Sarabhai Hall on Tuesday, 03rd Oct, 2023, starting at 02:00 PM onwards. The poster includes the IIMT logo and social media handles.

# Coding Competition On “Python”

The Department of IT organized a “Coding Competition” on 4th October 2023. The competition was open to all undergraduate students of various engineering disciplines. The competition was held in one round where students were given two hours to solve a set of coding problems using any programming language of their choice.

The problems were designed to test the participants' problem-solving skills, programming proficiency, and time management abilities. Top 3 students were declared winners of this competition. The participants were under immense pressure to answer the questions correctly and beat their opponents. The audience was also very competitive, cheering loudly for their respective teams and trying to distract the other teams.
