Industrial Visit

The Department of ECE organized an "Industrial Visit in AEAB Pvt Ltd Noida Sector 83,"Embedded on **12th October 2022** at 11::00 AM onwards.**".** This activity was organized by Ms. Zaiba Ishrat.

Ashok Somani started AEAB in 1993 to simplify factory deployments and maximize uptime while modernizing industrial processes. Prior to starting AEAB, Ashok served in several leadership positions at Siemens and Larsen & Toubro. AEAB is passionate, dedicated and focused towards growing and globalizing India's manufacturing sector.

AEAB continues to demonstrate success in a breadth of projects across different industry types, and has several large manufacturing firms reaching out to them for their automation needs.

Industrial Visit (Second)

The Department of ECE organized a second industrial on **1st Feb2023** at 09::00 AM onwards. the department is organized an Industrial visit in"Mother Dairy, Patpargunj, Delhi 110092**".**This activity was organized by Ms. Zaiba Ishrat.

Industrial Training is a doorway for aspirants to achieve their professional goals by allowing them to obtain in-depth understanding of their theoretical curriculum while also allowing them to watch and gain personal experience of the industry, job execution, and work environment.

Mother Dairy, set up in 1974 is known for its hygiene and good quality of milk and agro products.Students were briefed about the milk ingredients and various benefits of milk. They were also explained about the working of the Mother Dairy through a presentation which was very informative and interesting.

Students were also given live demonstrations of various tests that could be conducted to check the purity of milk and were shown the processing plant of the Mother Dairy.

The students very actively walked through the plant with the Mother Dairy officials who explained the whole process of manufacturing and packaging of milk and milk products. They were taken through the production facility including the quality check of milk samples in the quality control department, pasteurization process, packaging and storage.

Industrial Visit

The Department of ECE organized a second industry visit on **17th Feb2023** at 09::00 AM onwards. EC 3 & EC 4 year students visited Automation Expo at Pragati Maidan, New Delhi. Here they learned upcoming technologies for the industry. What innovation going on, what are the innovation idea using. They learn the mechanism and concepts. *Students also attended a conference on scaling Intelligent Automation for 1 hrs.* Students also participated in 3D gaming technology and events, and won prizes, T-shirts, bags, key rings, batches.. etc..

- Students Engage the imagination to explore new possibilities. Formulate and articulate ideas. Recognize explicit and tacit assumptions and their consequences..
- the students performed better in their overall academic performance as well as for the courses that are closely relevant to their assignments during the internship programme
- They learn to improve their communication skills and understand how communication takes place across verticals.
- Students will be able to apply theories you've learnt to real-life scenarios.

2022-23 EVEN SEM

IIMT COLLEGE OF ENGINEERING, GREATER NOIDA

Department of Electronics & Communication Engineering

The Department of ECE organized an online STC on "BIG DATA APPLICATION IN ELECTRICAL ENGINEERING" on 20 Feb 2023 to 24 Feb 2023 at 10:00 AM onwards nodal center of NITTTR CHANDIGARH. The Patrons of this Event were Prof (Dr) JK Sharma and Dr. S.S Tyagi ". This activity was coordinated by Prof (Dr) Seema Nayak and Co-Coordinated by Ms. Sandhya Bhardwaj.

Many faculty members know how to make circuits, and designing a circuit anytime anywhere is a great solution for the students in doing practical experiments. As a result, students were able to make circuits online and to simulate them.

(Nodal center of NITTTR, Chandigarh)

HANDS ON TRAINING COURSE CONTENT

- Introduction to Big Data Analytics and AI
- Real World Data acquisition using Indoor Air Pollution Monitoring (Hardware demo)
- Loading & Understanding Data with Statistics
- Understanding Data with Visualization
- Preparing & Pre Proeessing Data (Numerical &Categurical)
- Feature AnalysisSelection
- Theoretical Introduction to ML Algorithms
- Building a Classification Model from Seratch with Data
- Building a Regression Model from Seratch with Data
- Case Study 1 : Deep Learning & Big Data
- Case Study 2 : Deep Learning & Big Data

Industrial Visit

The Department of ECE organized a second industry visit on 24th March 2023 at 10::30 AM onwards. EC 3 year students visited Truechip Noida Sector 2. Here they learned upcoming technologies for the industry. What innovation is going on, what are the innovation ideas using. Truechip is a leading provider of Design and Verification solutions which helps the student to accelerate design, lowering the cost and the risks associated in the development of your ASIC, FPGA and SoC.Truechip has been serving customers since last 10 years in VLSI with a strong and experienced leadership. Truechip provides industry's first 24x5 support model with specialization in VIP integration, customization and SOC Verification.

..

- Students Engage the imagination to explore new possibilities. Formulate and articulate ideas. Recognize explicit and tacit assumptions and their consequences..
- the students performed better in their overall academic performance as well as for the courses that are closely relevant to their assignments during the internship programme
- They learn to improve their communication skills and understand how communication takes place across verticals.
- Students will be able to apply theories you've learnt to real-life scenarios.
